Damian Agnew discusses the most effective means of obtaining best practice corporate administration and accounting services in a cost effective manner.

Cafico International specialises in offering an effective turnkey solution to clients, minimising the administrative burden of general management, while assisting clients in achieving their overall corporate objectives.

We appreciate that every organisations' need is in some way unique, so we tailor our services to meet those needs. That way clients only pay for what they need. We put in place a client specific management structure with a dedicated account manager and team, ensuring clients have at all times a consistent point of contact responsible for the ongoing coordination, management and delivery of their business' requirements. This approach empowers client executives to concentrate their efforts on product or service development and delivery to market.

Our experienced team of accounting, legal and company secretarial professionals assist in providing all of the services that would be expected from a dedicated finance function while also attending to the compliance of all local legal, regulatory, financial and fiscal obligations of our clients' Irish operations. In doing so, Cafico

International works closely with its local network of lawyers, auditors and other service providers.

IRISH PROVIDER OF CHOICE

Cafico International is the independent corporate services provider of choice to international companies seeking to establish operations in Ireland or restructure their operations through Ireland.

Courtesy of our first-class service levels we have been recognised for our responsiveness and enhanced product and service delivery. We are consistently recommended and referred by clients and the professional services network within which we operate.

We have the privilege of supporting dozens of international NASDAQ, NYSE and private companies, across a variety of industries and geographies, in establishing and growing their Irish subsidiary company operations.

FIRST-CLASS SERVICE

Our services include company formation; bank account establishment and administration; taxation registration and tax agent services; full middle- and back-office accounting and administration;

payroll services; company secretarial services; treasury and cash management solutions; registered office and business address services; process agency services; as well as the procurement of experienced Irish resident directors.

INWARD INVESTMENT

In supporting FDI clients, we are typically engaged from a company's inception to deliver the requisite management and administration services, together with pragmatic support, in assisting the company navigate the fragile start-up and growth period of its operations. Our role also often extends to the provision of interim general management solutions, where we leverage off our commercial experience and extensive local and international networks.

Once a client company has ramped up to scale, we provide recruitment assistance and employee secondment solutions, as well as assisting with finding the company its own-door premises, as required.

STRUCTURED FINANCE

Cafico International also provides services to structured finance transactions. We have been mandated to incorporate and administer a number of debt capital issuance special purpose companies that have issued both publicly listed and privately placed debt, as arranged by top-tier international investment banks. We currently administer Irish companies that collectively have issued debt with a notional value of more than \$15bn. on the Irish and London Stock Exchanges.

JOIN THE CONVERSATION

Ireland is a great place to do business. Better still when you have a knowledgeable and experienced corporate services provider on the ground to efficiently establish and manage your company's administration requirements. If you would like to have a conversation to discuss how we might help, we would be delighted for the opportunity. ■
